

# Interest in a foreign investment fund disclosure schedule

(comparative value method)

For the period 1 April  to 31 March

- This form must be completed by a New Zealand resident person with an interest in a foreign investment fund (FIF) who elects to calculate FIF income or loss using the comparative value method.
- An interest in an FIF may include shares in a foreign company, units in a foreign unit trust or an entitlement to benefit from a foreign superannuation scheme or a foreign life insurance policy.
- The FIF rules may not apply if your foreign interest is held in a company or unit trust resident in Australia, Canada, Germany, Japan, Norway, the United Kingdom or the United States.
- The FIF rules do not apply if you are a natural person and the total cost of your FIF interests did not exceed NZ\$50,000 at all times during the income year. Cost for the purposes of this exemption includes cost whenever incurred (prior income years).
- You can only use the comparative value method if you have sufficient information to determine the market value of your FIF interest at the end of your previous and current income years.
- For more information, phone us on **0800 443 773**.
- Complete a separate IR 441 form for each FIF in which you held an interest. Attach each IR 441 to your income tax return.
- If you hold interests in 10 or more FIFs, you may use an IR 442 form rather than the separate IR 441 forms.
- For information on exchange rates, please refer to the April and October issues of our *Tax Information Bulletin (TIB)* or our website at [www.ird.govt.nz/otherservices/currency](http://www.ird.govt.nz/otherservices/currency)

**Please note:** There is an exemption from disclosure for natural persons who have interests in an overseas private superannuation scheme or insurance annuity policy. Read our booklet *Overseas private pensions (IR 257)* to see if you qualify.
